Synnefo - Feature # 1321

Status:	Closed	**Priority:**	Medium
Author:	Costas Drogos	**Category:**	deployment
Created:	09/28/2011	**Assignee:**	Vangelis Koukis
Updated:	02/07/2012	**Due date:**	11/11/2011
Subject:	init script for dispatcher.py		

Description

Hello,

Attached you will find a squeeze(and beyond) init.d script for dispatcher.py (named /etc/init.d/snf-dispatcher) and the appropriate /etc/default/snf-dispatcher

This init script takes care of running dispatcher.py as www-data, for django app to be able to write to /var/log/synnefo/dispatcher.log

The script is on use at the staging environment

Try including them to the next tarball for us to test it production-wide :)

History

#1 - 09/28/2011 02:40 pm - Vangelis Koukis

- Category set to deployment

- Status changed from New to Assigned

- Assignee set to Constantinos Venetsanopoulos

- Target version set to v0.7

#2 - 10/11/2011 05:32 pm - Vangelis Koukis

- Target version changed from v0.7 to v0.8.0

This will be moved to v0.8: We need to refactor the repository, package synnefo properly as a Python package and use it from the Django webapp.

#3 - 10/18/2011 05:45 pm - Vangelis Koukis

- Due date set to 11/11/2011

#4 - 11/15/2011 04:30 pm - Constantinos Venetsanopoulos

- Assignee changed from Constantinos Venetsanopoulos to Vangelis Koukis

#5 - 02/07/2012 12:03 pm - Vangelis Koukis

- Status changed from Assigned to Closed

Init script included as part of snf-cyclades-app with small modifications, distributed as part of Debian package, supports defaults file in /etc/defaults and automatic start on boot, closing ticket.
