<b>Updated:</b>	10/17/2011	<b>Due date:</b>	
<b>Subject:</b>	init script for snf-ganeti-eventd		
<b>Description</b>			
Yeap, init script day :)			
Attached you will find an init script (/etc/init.d/snf-ganeti-eventd) && the appropriate default file (/etc/init.d/snf-ganeti-eventd)			
This script take care of running the snf-ganeti-eventd daemon, keeping in mind that eventd should run only from the ganeti master node.			
Seems to work on staging :)

## History

---

### #1 - 09/28/2011 02:40 pm - Vangelis Koukis

- *Category set to deployment*
- *Status changed from New to Assigned*
- *Assignee set to Constantinos Venetsanopoulos*
- *Target version set to v0.7*

### #2 - 10/11/2011 05:51 pm - Constantinos Venetsanopoulos

Done. The files will be installed in the right directories when the package is installed.  
Before closing the ticket we should add a post install script that runs update-rc.d snf-ganeti-eventd defaults

### #3 - 10/12/2011 12:13 pm - Vangelis Koukis

- *Status changed from Assigned to Closed*

Fixed initscript merged into master, updated debian packages built and tested on dev\*.dev.grnet.gr.  
The debian package creates links under /etc/rc.\* automatically, the defaults file specifies the eventd as disabled by default.

Closing ticket.

### #4 - 10/16/2011 04:28 pm - Costas Drogos

- *File snf-ganeti-eventd.diff added*
- *Status changed from Closed to Feedback*
- *Target version deleted (v0.7)*

Minor fix attached.

Solves the problematic case of an snf-ganeti-eventd run from a no-longer ganeti-master couldn't be stoped.

Steps to reproduce:

- On ganeti-master, run snf-ganeti-eventd
- Master-failover on another master-candidate
- Bam! /etc/init.d/snf-ganeti-eventd cannot be stopped on old master.

To solve it, I changed the getmaster check to be run only on start option

Attached diff should give you the idea.

Thanks!

### #5 - 10/16/2011 06:02 pm - Vangelis Koukis

- *Status changed from Feedback to Assigned*

- Target version set to v0.7.1

**#6 - 10/17/2011 10:23 am - Constantinos Venetsanopoulos**

- Status changed from Assigned to Feedback

Changes committed to master

**#7 - 10/17/2011 10:47 am - Vangelis Koukis**

- Status changed from Feedback to Closed
