

Synnefo - Bug # 1935

Status:	Closed	Priority:	Medium
Author:	Sofia Papagiannaki	Category:	Astakos
Created:	01/25/2012	Assignee:	Sofia Papagiannaki
Updated:	02/08/2013	Due date:	
Subject:	reset password subject & link are not correct		
Description	<p>- django's 1.2 password_reset view does not have an email_from argument, as a result settings.DEFAULT_FROM_EMAIL is used. Since for the needs of Issue #1914 settings.DEFAULT_FROM_EMAIL now expects an argument with the name of the service we should override default django's 1.2 behavior to provide this argument.</p> <p>- site.domain should not contain protocol ("http" or "https"). Instead it has to be derived from the request. Templates expecting site.domain with protocol should change.</p>
