

Synnefo - Bug # 2487

Status:	Closed	Priority:	Medium
Author:	Vangelis Koukis	Category:	Cyclades UI
Created:	06/04/2012	Assignee:	Kostas Papadimitriou
Updated:	10/15/2012	Due date:	
Subject:	Create machine guide resets settings when going back and forth		
Description			
To reproduce:			
Click on "New Machine +", select Ubuntu, select 4 VCPUs, go to the third step, get back to the first step, it shows "Windows". If it doesn't, repeat the back-forth process a few times. Then, your settings for VCPUs and disk are also forgotten.
