Synnefo - Bug # 3031

Status:	Closed	**Priority:**	Low
Author:	Vangelis Koukis	**Category:**	Cyclades UI
Created:	11/03/2012	**Assignee:**	Kostas Papadimitriou
Updated:	11/13/2012	**Due date:**	
Subject:	UI shows inconsistent name for public network		
Description			

The UI merges all networks with public=True into a single entry.

There are two minor problems:

a) When expanding the view, the orange lines are unaligned

b) the network name changes unexpectedly, e.g. "Internet-3" vs. "Internet-0".

It would be best if the single entry was just named "Internet", or there was a UI setting for it.

History

#1 - 11/06/2012 01:09 pm - Kostas Papadimitriou

- Status changed from Assigned to Feedback

fixed on commit:3635e7a

#2 - 11/13/2012 03:36 pm - Vangelis Koukis

- Status changed from Feedback to Closed

Fine, just fine.

Closing ticket.
