./kamaki - Bug # 3172

Status:	Closed	**Priority:**	High
Author:	Stavros Sachtouris	**Category:**	
Created:	01/09/2013	**Assignee:**	Stavros Sachtouris
Updated:	01/22/2013	**Due date:**	01/14/2013
Subject:	store upload connection/server failure handling		
Description			

Buggy behavior: When some blocks fail to upload, kamaki ignores them and exit with an error after trying with all blocks + file creation. Desirable behavior: kamaki attempts a reasonable number of retries and does not try to create a file as long as there are blocks failed to be uploaded.
