

## ./kamaki - Bug # 4325

<b>Status:</b>	Closed	<b>Priority:</b>	Low
<b>Author:</b>	Dionysis Grigoropoulos	<b>Category:</b>	kamaki
<b>Created:</b>	09/18/2013	<b>Assignee:</b>	Stavros Sachtouris
<b>Updated:</b>	10/29/2013	<b>Due date:</b>	
<b>Subject:</b>	Misleading error message in network delete		
<b>Description</b>	<p>When issuing a delete command for a network ID that is owned by another user or a network ID that doesn't exist, kamaki prints a misleading error message. At the moment, there is no error handling for 404 in network delete, so 404 errors are handled as 421 (Network In Use).</p> <pre>kamaki network delete ID_NUMBER (404) Network with id ID_NUMBER is in use   Disconnect all nics/VMs of this network first   * to get nics: /network info ID_NUMBER   . (under "attachments" section)   * to disconnect: /network disconnect &lt;nic id&gt;   NOT FOUND itemNotFound (Network not found.)</pre>
