./kamaki - Bug # 4345

Status:	Closed	**Priority:**	Medium
Author:	Vangelis Koukis	**Category:**	kamaki
Created:	09/23/2013	**Assignee:**	Stavros Sachtouris
Updated:	10/29/2013	**Due date:**	09/27/2013
Subject:	kamaki server wait is lying		

Description

When trying to delete a server, I want to wait until it's gone.
The server is ACTIVE.

I'm running:

```
$ kamaki server wait 152052
Server 152052 still in BUILD mode |                | 0% - 0s
Server 152052 is now in ACTIVE mode
```

and kamaki is lying. The server is not "still" in BUILD "mode".

Also, BUILD/ACTIVE/DELETED is the "status" of the VM, so the message should read
"Status of server XXX is now ACTIVE".

Please modify all of the source and documentation accordingly.

History

#1 - 09/26/2013 05:11 pm - Stavros Sachtouris

- Due date set to 09/27/2013

- Priority changed from High to Medium

- Target version changed from v0.10 to v0.11

#2 - 09/26/2013 06:15 pm - Stavros Sachtouris

- Status changed from Assigned to Resolved

- % Done changed from 0 to 100

- Estimated time set to 1.00

The new wait message is

<service> <service id>: periodically check if status is <status>

Possible outcomes:
<service> <service id>: status is <new status>
or
<Time out: <service> <service id> still in <status>

#3 - 10/29/2013 12:18 pm - Stavros Sachtouris

- Status changed from Resolved to Closed
